BARBECUE SAUCE

Chef: Roberta Spencer

Ingredients

- 1 can 6oz tomato sauce
- 1/4 cup dark Karo corn syrup
- 1/2 cup apple cider vinegar
- 1/2 cup catsup (please use Heinz for best flavor)
- 1 cup brown sugar
- 1/2 cup water
- Corn Starch - as needed to thicken
- Onion - diced - optional

Directions

Put all ingredients in a saucepan and bring to a boil. Boil for about 3 minutes then thicken with corn starch and water mixture to desired consistency; much thicker for chicken, also add one chopped onion to sauce for chicken. Excellent with pork roast, spareribs, and chicken. With pork roast and spareribs, brown the meat in 350° oven until well browned, then cover with sauce, baste occasionally. Cook for at least one hour. For chicken just arrange chicken pieces in baking dish. Pour thick sauce over, it will thin as chicken cooks. Bake at 350° until done, about 1 1/2 hours. Suggest lining pan with foil as this is a good pan sticker. It is also yummy!

Cool to lukewarm, about 30 minutes. Gradually stir in powdered sugar. Place saucepan of frosting in bowl of cold water. Beat with spoon until smooth and spreadable. If frosting becomes too stiff, stir in additional milk, 1 teaspoon at a time, or heat over low heat, stirring constantly. Frosts 9x13 inch cake, or fill and frosts an 8 or 9 inch layer cake.

HEALTHY COCONUT HONEY FRUIT DIP

Chef: simplyjillicious.com

Ingredients

- 1 cup of coconut cream - use only the solid part from a refrigerated can of full fat coconut milk. This will require 1-2 cans depending on the brand.
- 2 tablespoons raw honey - can substitute maple syrup.
- 1/2 teaspoon vanilla extract
- 1/4 teaspoon cinnamon - optional
- 1 pinch of salt

Directions

1. Refrigerate the cans of full fat coconut milk overnight to solidify the coconut cream. NOTE: coconut cream is the cream from the milk as described, unlike cream of coconut that is the very sweetened coconut creamy mixture often added to alcoholic drinks, etc.
2. Scoop out the cold coconut cream into a mixing bowl and use a hand mixer to whip the coconut cream until smooth and creamy. Make sure to avoid scooping out the liquid.

3. Add in the honey, vanilla extract, cinnamon, and salt.
 4. Mix once more with the hand mixer to make sure everything is evenly mixed.
 5. Serve cold with strawberries or your favorite fruits.
 6. Store in an airtight container in the fridge for up to a week.
 7. NOTE: Spencer's have not tried this recipe yet. Please let us know what you think of it.

CRANBERRY JUBILEE SAUCE

Chef: Alvin Spencer

Ingredients

- 12 ounces (1 package) of fresh or frozen cranberries - whole
- 2 medium apples - diced 3/8" cubes
- 1 cup white sugar
- 1/2 cup orange juice
- 1 teaspoon orange zest = 1 orange zested
- 1/4 teaspoon Kosher salt
- 6 whole cloves - optional
- 10 oz (1/2 can) pineapple tidbits or crushed, - optional, include the juice, optional
- 1/3 cup walnuts - chopped, optional
- 1/2 cup celery - chopped fine, optional
- 2 pinches of cayenne pepper - optional, gives a bit of spicy kick

Directions

Place all ingredients except nuts and celery in large sauce pan and bring to a full boil. Whole berries tend to burst open as they boil. Use the hard paddle to push any whole berries against the side of the bowl to pop any that do not break open by themselves. After mixture starts to boil, turn heat down to a slow boil for about 5 minutes or until mixture is a jam-like consistency. Next, stir in nuts and celery to give it a pleasant crunch. Add water if necessary to adjust consistency. Remove from heat. Let cool for at least 30 minutes. Serve hot or cold. I am going to experiment with adding a portion of the cranberries and apples in after the mixture begins to boil so that there will be more chunks of apple and cranberry in the completed sauce.

TOAD IN THE HOLE (YORKSHIRE PUD-DING)

Chef: Rebecca Bright

Ingredients

- 1 1/2 cups all purpose flour
- salt - about a teaspoon
- pepper - a pinch, freshly ground black pepper
- 3 eggs - beaten

- 1 1/2 cups milk
- 2 tablespoons butter- melted
- 1 tablespoon vegetable oil
- 1 pound (give or take) of sausage links - I like to use the Little Smokies but you can use full size and cut them into chunks. Use the fully cooked sausage unless you pre-cook them.

Directions

- (1) In a large bowl, whisk together the flour with the salt and a pinch of pepper. Make a well in the center of the flour. Pour in the eggs, milk, and melted butter into the well and whisk into the flour until smooth. Cover and let stand 30 minutes.
- (2) Coat the bottom and sides of an 8"x12" or 9"x9" (or we like to do individual ones in a cupcake pan) casserole dish with vegetable oil (we use olive oil). Place a rack in the bottom third of the oven. Put the empty dish on the rack. Preheat the oven with the dish in it to 425°F.
- (3) When an is hot add your sausages to the bottom, for individuals put one sausage into each cupcake well and put back into the oven until VERY hot, Smoking HOT is ideal.
- (4) Remove tray and quickly add your batter to the tray/wells and return to oven, cook until they rise nicely and are golden brown, about 25 minutes for a pan and a bit less for the individuals.

WESCOTT SWEET SPAGHETTI SAUCE

Chef: Debbie Wescott

Ingredients

- 1 can (14.5oz) diced tomato - Add any veggies you would like
- 1 1/2 cups sugar - reduce if you'd like
- 3/4 teaspoon yellow mustard
- 1 1/2 teaspoon Italian seasonings - more for stronger flavor
- 1/2 onion - chopped
- 1 tomato - diced
- 3 cans (28oz) crushed tomato
- 1-2 tablespoons chopped garlic - jar or fresh
- 2 tablespoons olive oil

Directions

Heat the olive oil in a larger Dutch oven size pot. Sauté garlic and onion until clear, add tomato and other veggies and sauté for a few minutes. Pour in the crushed tomato, add all other ingredients and mix well.

Heat just to a bubbling boil, cover and reduce heat to low (2-3) on my stove. Let cook for about 3 hours stirring occasionally. If you are doing meatballs... you may cook them right in the sauce for the last 45 minutes or so of the 3 hours cooking time. For meatballs I combine pork sausage with ground beef and salt and pepper about 1-1 1/2 lbs. all together. Form into smaller meatballs and drop directly into the sauce. 1-2 inch meatballs seem to absorb the flavor better, but do not over cook them or they are not as tender. Italian sausage is also great in the sauce too. This, I slice and cook in a separate pan before adding to the sauce.

CRUMPETS-GLUTEN FREE

- 1 1/2 teaspoons baking powder
- 1 teaspoon xanthan gum
- 1/2 teaspoon gum
- 1 1/2 tablespoons sugar - divided
- 1 cup lukewarm water

Mix together the flour, baking powder, xanthan gum, salt, and egg replacer (if used). Set aside. Add 1 teaspoon of the sugar to the water and stir in the yeast. Set aside. Grease 6 English muffin rings and place them on a greased baking sheet. I use small Corning ware dishes for these. In a mixing bowl, blend together, using a mixer at low speed, the remaining sugar, egg, margarine, dough enhancer, and yeast water. Beat in half the flour mixture. With a spoon, stir in the remaining flour and beat until smooth. Pour batter into the prepared rings or dishes. Cover and let rise in a warm place until the batter doubles, 40 – 45 minutes for regular yeast; 20 – 25 minutes for rapid rise. Preheat oven to 375°. Bake for 18 to 20 minutes until browned lightly and pulled slightly away from the rings. Makes 6 crumpets.

DROP SCONES-GLUTEN FREE

and Pancakes

Chef: Roberta Spencer

Ingredients

- 1 cup gluten free flour
- 1/3 teaspoon xanthan gum
- 1 egg - beaten
- 1/2 cup milk or non dairy liquid
- 2 1/2 tablespoons sugar
- 1 teaspoon dark corn syrup
- 2 tablespoons butter or margarine - melted
- 2 teaspoons baking powder
- 1/4 teaspoon salt

Directions

In a medium bowl, blend the flour and xanthan gum. Add the egg and then beat into the flour mixture, gradually adding the milk. Beat to the consistency of thick cream. Add the sugar, syrup, butter, baking powder, and salt. Beat well. Drop the batter onto a medium-hot Teflon or lightly greased griddle by the tablespoon to make scones 2 1/2 inches in diameter. Cook as for pancakes, but since these are thicker, they will need to be on the heat longer, since these are thicker, they will need to be on the heat longer, so don't have the griddle extra hot, or you will have doughy centers. Serve hot. Split to fill with butter and jam, sausage, or cheese. Makes 5 or 6 scones. I use this recipe to make Dad's pancakes. I use about double the amount of milk to thin it enough for pancakes.

1st Layer Fruit and Jell-o

- 1 can fruit cocktail or mixed fruit - no juice
- 1 layer of brightly colored Jell-O

- 1 layer of brightly colored Jell-O - probably 2 packages of Jell-O

After the 1st layer is firm, add sponge cake or Lady Fingers on top of 1st layer then cover with contrasting color Jell-O. Refrigerate and let set completely before adding your next layer.

3rd Layer Jell-O (Optional) but recommended

- 1 layer of brightly colored Jell-O liquid mixture - probably 2 packages. Refrigerate and let set completely before adding your next layer.

4th Layer Custard

- 2 teaspoons grond ginger
- 1 1/4 teaspoons cinnamon
- 1/4 teaspoon grond cloves
- 1/4 teaspoon nutmeg
- 1/4 teaspoon salt
- 3/4 cup unsalted butter - softened to room temperature
- 1/2 cup packed brown sugar - light or dark
- 1/4 cup granulated sugar
- 1/4 cup unsulphured or dark molasses
- 1 large egg - at room temperature
- 2 teaspoons pure vanilla extract

Directions

1. Whisk the flour, baking soda, ginger, cinnamon, cloves, nutmeg, and salt together until combined. Set aside.
2. In a large bowl using a hand-held or stand mixer fitted with a paddle attachment, beat the butter and both sugars together on high speed until creamy and combined, about 2 minutes. Add the molasses and beat until combined. Then add the egg and vanilla extract and beat (until it screams) or until combined, about 1 minute. Scrape down the sides and bottom of the bowl as needed.
3. On low speed, slowly mix the dry ingredients into the wet ingredients until combined. The cookie dough will be slightly sticky. Cover dough tightly with aluminum foil or plastic wrap and chill for 1 hour and up to 2-3 days.

4. Preheat oven to °. Line two large baking sheets with parchment paper or silicone baking mats. (Always recommended for cookies). Set aside.
5. Remove cookie dough from the refrigerator. If the cookie dough chilled longer than 2 hours, let it sit at room temperature for at least 30 minutes. The cookies may not spread in the oven if the dough is that cold. Roll cookie dough, 1 tablespoon each, into balls. Roll each in granulated sugar and arrange 3 inches apart on the baking sheets. Bake for 11-12 minutes or until edges appear set. If the tops aren't appearing cracked, remove the baking sheet from the oven and gently bang it on the counter 2-3 times. This will help those warm cookies spread out and crack on top. Return to the oven for 1 additional minute.
6. Remove from the oven and allow cookies to cool on the baking sheet for 5 minutes before transferring to a wire rack to cool completely.
7. Cookies will stay fresh covered at room temperature for 1 week.

- 12 cups cold water
- 2 cups sugar
- 1/2 cup honey
- 3/4 cups boiling water
- 6oz semisweet - or white chocolate drops (more if needed)

In large saucepan, bring 1 1/2 cups sugar, 1/2 cup honey and 1 3/4 cups water to a boil for 1 minute. Add drained peels and simmer 40-45 minutes, stirring frequently to prevent

sticking. Drain peels well for about 10 minutes. Place remaining sugar in a small bowl. Toss drained peels with sugar until well coated. Spread peels on wax paper to dry. Peels must be very dry for chocolate to adhere. In the top of a double boiler or in microwave, melt chocolate, stirring occasionally. Dip two-thirds of each peel strip into melted chocolate and place on waxed paper. After chocolate has set, store dipped peels in an airtight container in cool, dry, place. - 1 teaspoon salt
- 1 cup butter

Once the mixture begins to boil, boil for 5 minutes while stirring constantly. Remove from the heat, and stir in the baking soda and vanilla. The mixture will be light and foamy. Immediately pour over the popcorn in the pans, and stir to coat. Don't worry too much at

this point about getting all of the corn coated. Bake for 1 hour, removing the pans, and giving them each a good stir every 15 minutes. Line the counter top with waxed paper. Dump the corn out onto the waxed paper and separate the pieces. Allow to cool completely, then store in airtight containers or resalable bags.

QUICK'N EASY ENGLISH TOFFEE

Chef: Roberta Spencer

Ingredients

- 1 pound butter
- 2 tablespoons light Karo corn syrup
- 6 tablespoons water
- 2 cups sugar
- 12oz package semi-sweet chocolate chips
- 1/2 pound sliced almonds or chopped walnuts
- 1 8oz Hershey's sweet chocolate bar

Directions

Let butter melt in a heavy kettle. (You can substitute butter for margarine. I have always used butter.) Then add Karo syrup, water, and sugar. Stir until sugar is dissolved on medium heat. When it starts to boil, stir occasionally while you do the following: Select a cookie sheet with sides. Butter the sheet, then spread chocolate chips evenly in the pan. Cover with nuts. Stir candy from bottom of pan frequently. When it begins to turn tan, put in candy thermometer. You have to stir more often or it will burn. When mixture reaches 280°, pour thinly and evenly over chips and nuts. This has to be done quickly or you will not be able to spread the candy evenly across the pan. Cover all areas (a measuring cup with a pour edge works well or best to pour directly from the saucepan. Some minor spreading can be done to even out. As soon as candy is poured and spread, top it with chunks of the chocolate bar which will melt and then can be spread across the entire surface. When slightly cool, sprinkle 1 cup of finely chopped walnuts on the surface. Let cool. Set preferably overnight, then break in chunks and store in quart jars. This is better when aged 2 to 3 days. It will keep for a good amount of time. This candy has become a family tradition at Christmas time. I usually make three or more batches depending on how much I plan to give as gifts.

NOTES

What's the Difference Between Chop, Dice, and Mince?

I don't know but try these comments

Sometimes the words chop and dice are used interchangeably, but technically the word dice is used for smaller pieces and the word chop is used for larger pieces. You seldom see the term large dice, but you will see large chop and small dice rather frequently. Dice can also refer to cutting vegetable into cubes of a specific size while chop is less precise. In general, chop is more casual and has more leeway while dice is more specific. The word mince means a very small dice.

How Big is a Dice? How Small is a Mince?

How do you know how big or small something is supposed to be? If the recipe writer feels it matters, usually they will also include a measurement, like 3/4" dice. Again, we see the word dice here to indicate that this is a very specific direction. But if the sizing has some leeway, they will say either large, medium or small chop. Unfortunately, these sizes aren't standardized so it's hard to give measurements.

- Large chop – For me, when a recipe says large chop, I usually make it roughly the size of a nickel.
-

- Medium Chop – Medium chop is about half the size of a nickel.
 -
 - Diced (Small Chop) – Small chop is about half of medium chop, perhaps a quarter inch to a side.
 -
 - Minced – Mince is very fine, as small as I can get it.
-
